

SANCHAR NIGAM EXECUTIVES' ASSOCIATION

Rajasthan Telecom Circle, Jaipur

No: SNEA/Rajasthan/Correspondence/2017-2018/45

Date: 24.07.2017

To,

Chief Engineer (Electrical),
Jhalana Dungari BSNL building
Jaipur

Sub: Posting of JTO (Electrical) at Pali and Barmer sub division.

Electrical sub division of Pali is being looking after by Sunil Bhagia JTO Jodhpur (City subdivision) and Barmer sub division by Umed Bhati JTO Jaisalmer as additional charge to their own work and maintenance of Jodhpur (city subdivision) and Jaisalmer (subdivision) respectively. Jodhpur sub division and Jaisalmer sub division itself covering very vast and spread area and Pali and Barmer sub didvion are also covering very vast and spread areas.

So it is very difficult to pull on the maintenance work of two vastly spread sub divisions by one officer on permanent basis. Since last one year so many times I have reaised this problem before you and you have every time assured for reviewing the situation and post additional JTOs for Pali and Barmer sub division but all in vain. Permanently overloading of work leads to frustration, anxiety and causes detoriation in working efficiency of officer.

So it is requested that two JTO (Electrical) one at Pali and one at Barmer should be posted immediately to deload the JTOs working at Jodhpur city sub division and Jaisalmer sub division to ensure smooth functioning of day to day electrical maintenance work. So that uptime of the telecom network can be boost up.
